

Florian Greeven

BUSINESS ADMINISTRATION - FDM 3D PRINTING - ELECTRONICS - IT

Groningen, NL - me@apollof.nl - portfolio.apollof.nl - linkedin.com/in/florian-greeven

PROFILE

Business administration student with broad hands-on interest in physical prototyping, electronics, self-hosted systems, and customer-facing work. I build and adapt 3D-printed parts, servers, and networks, pick up new software quickly, and often lead group projects.

WORK EXPERIENCE

Restaurant & Airbnb Operations

Family business - restaurant & accommodation

- Guest service and regional product sales, especially for German-speaking visitors
- Full administration, bookkeeping, and digital infrastructure

Approx. 2 years

IT Support & Electronics Trading

Independent

- Paid hardware, networking, and software support
- Buying, selling, configuring, and repairing electronics

Ongoing

Agricultural Work

Farm

- Machine use and maintenance during long working days

Summer 2022

PROJECTS

bGrid Demo Kit

LASER CUTTING - 3D PRINTING

Portable demo kit for smart-building and indoor-positioning technology; custom CAD prototypes fabricated with laser cutting and FDM 3D printing.

Interactive Plant Watering

ARDUINO - 3D PRINTING - SENSORS

Prototype reacting to electronically measured user stress levels using Arduino sensors, code, and 3D-printed housings.

Sim Racing Pedals

CAD - 3D PRINTING - FIRMWARE

Self-designed load-cell brake pedals, from CAD model and FDM parts to Arduino electronics and custom firmware.

More projects: portfolio.apollof.nl

CAPABILITIES

3D Printing

FDM, Cura, Klipper, heavily modified printer

CAD Design

Functional parts in Fusion 360 and Blender

VR / XR

Meta Quest 3, body tracking, wireless VR, Oculus Rift CV1 onward

Scripting & AI

Python, Bash, AI-assisted development

Laser Cutting

Own machine; design through final product

Electronics

Arduino, microcontrollers, soldering, sensors, Raspberry Pi

IT & Networking

Linux, Docker, Proxmox, OpenWrt, nginx, Home Assistant

Languages

Dutch native, German fluent, English fluent

EDUCATION

Bachelor of Business Administration

University of Groningen

2025 - 2028 expected

Creative Technology

University of Twente

2024 - 2025

VWO N&T; + Economics & Informatics

Vitus College, Bussum

Diploma 2022
